CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Curriculum Delivery 1. The institution has an Academic Advisory Committee under the Chairmanship of the head of the institution which plans and monitors the whole activities of curricular planning and documentation. 2. The Academic Advisory Committee prepares the Daily Class Routine (DCR) of the institution

for a particular semester. It also prepares the duration of classes, numbers of classes etc. The DCR is then sent to all the Heads of the Departments so that the HoDs can distribute the workload equally to all the faculty members to execute properly. 3. Each department has its own Departmental Management Committee under the concerned HoD and it prepares a course plan and distributes the course contents among the faculty members in accordance with numbers of class provided in the Departmental Class Routine provided by the Academic Advisory Committee. Documentation. In order to check that the course is distributed equally among the faculty members and to maintain the record of the same, the institution has the following documentation mechanism: 1. Academic Activity Register (AAR):-Each department is provided with an Academic Activities Register in order to record the classes done daily by all of the faculty members. They have to note down the topics taught to the student by them in the AAR and have to put a remark on the space provided showing the reason if class is not held in a particular period. 2. Teachers' Diary:-The institution provides Teachers' Diary to each of the faculty members on which they have to maintain the record of the daily classes held each day. They have to put remark on the space provided showing the reason of class being not held if required. 3. Weekly Progress Report (WPR):-At the end of each week, each faculty member is required to submit the WPR to the Head of the Institution and the IQAC office duly signed by the concerned HoD. It must include total class allotted; class held and course wise progress.

Students	Yes
Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained
<p>Feedback System: The development of any institution heavily depends upon a well functioning feedback system. It requires a thorough preparation to initiate, launch and implement the feedback system. Panigaon OPD College has been practicing a feedback system accommodating all the stake holders including staff, students, alumni, employers and parents, to help the individuals and organization as a whole, to improve the performance and effectiveness. Feedback is collected at departmental and institutional level in which the views on the curriculum, teaching schedules, teaching tools, and student assessment outcomes are discussed for taking improvement measures. The IQAC of the college has prepared a feedback form which is divided into five categories viz. students' feedback, parents' feedback, teachers' feedback alumni feedback, and employers' feedback. The feedback system is fully off-line system. It is distributed to students and stakeholders and they fill in the forms and then are collected timely. Student feedback is based on two criteria: overall college functioning and teaching learning process. Feedback on overall functioning of the college is based on the learning environment of the college, canteen facility, functioning of anti-ragging cell, counseling center, sports facility, infrastructural facilities etc. Teachers' Feedback covers Teaching Learning Process, punctuality, communication skills, approach towards the students, sharing of innovative ideas etc. We have emphasized on teachers innovativeness, use of ICT in teaching methodologies, interactive teaching and students' involvement in learning. We collect individual teachers feedback and analyze it .The analysis is reported to the head of the institution, IQAC, management members for corrective measures and it is communicated to the individual teacher for further improvement. Parents' feedback is based on overall development of their children and about learning Environment in the college as well as imparting value based education to their children. Teacher's feedback is taken on their views about the curriculum provided by our affiliated University. Also their suggestions on the curriculum are submitted to the</p>

parent university. Employers Feedback. We are also taking feedback on the current curriculum from the employers (Industry Experts) and their views as per the current scenario. Add-on and Value added courses are designed based on this feedback. The Placement cell also takes cognizance of this feedback while organizing training sessions. Panigaon OPD College conducts the following feedback activities: Student Feedback on Teachers, Library and Infrastructure: As an important stakeholder of this system, student feedback is obtained on Teaching, Learning and TLM (Teaching Learning Materials), Examination System, Library, and ICT. The IQAC of the college has prepared a feedback form and take students' feedback. As per respond of the students, majority of students were satisfied with the course and teaching method and evaluation of the college. Parents' feedback: For parent feedback, every department organizes joint meetings with parents, teachers and students and discusses their satisfaction and dissatisfaction on teachers, library and administrative manners. The collected data are put in Ms Excel sheet in order to find out the result and to analyze them systemically. The IQAC then analyzes them in accordance with ratings. i.e. outstanding results, excellent results,

The College adopts a policy of decentralization for maintaining and utilizing the physical, academic and support facilities of the college. The college has formed several committees and the committees are monitored and executed under a coordinator or chairman. The committees hold periodic meeting and proceedings, progress reports and other records are regularly documented. The overall

maintenance and monitoring authority of the college is the Governing Body. It has given prime importance on the infrastructure, that is, physical facilities of the college. It takes suggestion from the IQAC for further schemes and renovation of the physical facilities. Grade IV employees are employed for overall cleaning and giving information if any discrepancy is found anywhere. The Vice-Principal of the college is entrusted with the responsibility to look after them and instruct the grade IV employee for maintenance. CCTV is also installed in all the class rooms and other prominent places and the same is observed from the Principal's room. The academic activities are also supervised by the Vice-Principal. There is an Academic Advisory Committee in the college for overall maintenance of the academic activities. It prepares class routine, examination procedures, provides academic support facilities like TLM etc. The courses are maintained by the concerned HODs of the departments. For the support of the students in their extra-curricular activities, there is a Students Union in the college. The Union has several secretaries including a General Secretary for maintaining the overall activities. Every Secretary is provided with an advisor from the college authority to supervise the activities. The sports, games, literary, cultural facilities like football, musical instrument etc, proceeding, and records are in the charge of the Students Union. The College Library is also well equipped and maintained and utilized well. It has the following facilities: • A good number of books and journals for teachers and students • Internet and Wi-Fi facilities for easy access of the students. • Well equipped reading room • OPAC, News paper, national and international journals

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

<p>Title: Seuj Dharitri Abhijan 1. Objectives: The objectives of the Best Practice as defined by IQAC, Panigaon OPD College for the session 2019-20 under the title cited above are: a. To acquaint the students about the global impending problems like global warming, ice-melting, pollutions, green house gases, Ozone depletion etc. b. To organize seminars, talks, webinars, workshops, field works, hand-to-hand practical programmes etc. so that the students can understand the problems from their hearts and initiate the ways to solve them. c. To arrange a forestation programmes in and around the college campus and also in the roadsides of the college catchment area. d. To create awareness among the students and in the local public about the global problems and to involve them with the preventive measures. 2. The Context: The world is our only habitat. But it has now been destroyed to such an extent that even the eminent scientist Stephen Hawking once said that it is futile to restore our world to make it our sustainable habitat. It is better for us to look for new planet to make it a habitat for us. But everybody will admit that it is not possible for us. Scientists are exploring the space thousands and thousands light years away from us to find out such a planet and all searches are of no avail yet. Even if anyone is found anywhere at a time it will not be possible</p>

for us to reach there, because average human life span is only 70 years now. We will die many times before reaching in such a planet even if we run at the speed of light. Nor can we say definitely what the present state of the planet because the light that reaches our earth from the planet is the light emitted from the planet some thousands of years ago. India has 6000 km of coastline. One third of the population of the world lives in the coasts of the oceans and the seas. In an estimate of 1994 it was found that by 2030, the temperature of the atmosphere of the earth may increase up to 2.5° C-4.5°C. Resultantly, the icebergs in the seas and the oceans and the icecaps in the mountains will melt away and the countries situated in the coasts will submerge into water. Many other crucial problems are also coming to engulf our only habitat, our earth. Because of the pollutions and the pollutants, the Ozone layer has also been depleted day after day the deserts are also spreading at an alarming rate because of the soil, water and air pollutions life in earth is also becoming impossible day after day chronic diseases like cancer, hypertension, HBP, AIDS, diabetes and many other respiratory system related diseases are snatching life increasingly. Hence, knowledge of environment as well as the impending problems of the world has now been considered indispensable to all of us whether we are teachers, students, administrators or general laymen. And, most of all, it is essential for the coming generation, our students, because they are the future inhabitants of this dying world. Now, knowledge of environment chiefly implies the importance of forestation. Deforestation and increase of human population are the underlying causes which manifest as the various serious and crucial problems of our world. In a study before 1994, it was estimated that the value of a tree (any tree) aged about 50 years is 13 lakh and 20 thousand rupees. It is estimated in the following way: 1. Oxygen supply: Rs. 2,50,000.00 2. Food value: 20,000.00 3. Pollution control: 5,00,000.00 (including CO2 absorption) 4. Water/Soil conservation: 2,50,000.00 5. Supply of rain and rainwater 3,00,000.00 Total: Rs. 13,20,000.00 In our present estimate, (2020) it may be about 50,00,000.00 rupees. 3. The Practice: Considering all these, the IQAC, Panigaon OPD College decided to adopt a programme "Seuj Dharitri Abhijan" as the Best Practice for the session 2019-20. Though it had the prime importance on the knowledge part, that is, on the seminars, workshops etc. we had to limit them on a few because of the overburden of the course classes. And due to the COVID-19 pandemic problem, we could do nothing on that end. In order to conduct the practical hand-to-hand programme, the IQAC, of the college has formed a committee entitled 'Sapling Security Committee' as followed: 1. Dr. Robin Saikia : Coordinator 2. Mr. Anunay Kumar : Assistant Coordinator 3. Mr. Babul Barhoi : Member 4. Mr. J.P. Bhuyan : Member 5. Mr. G.K. Borah : Member 6. Dr. Runjun Saikia : Member 7. Mr. P.K. Saikia : Member 8. Mr. Biren Gogoi : Member 9. Mrs. Kunjalata Dutta : Member 10. General Secy (S. U.) : Member Each member of the committee is assigned a road at the catchment area of the college. The member will look after the saplings from time to time and take necessary actions, as required, to nurture the saplings. It is as followed. 1 Mr. Anunay Kumar KB Road 2 Mr. Babul Barhoi Panigaon Kharkati Road 3 Mr. J.P. Bhuyan Roiya Bakal Road 4 Mr. G.K. Borah Chamoni Road 5 Dr. Runjun Saikia Phukanarhaut Kadamial Road 6 Mrs. Kunjalata Dutta Dhenudharia Road 7 Mr. P.K. Saikia Panigaon to Kalita Gaon Road 8 Mr. Biren Gogoi College Campus In inaugural session of the programme was arranged on 17th August, 2019. The programme was inaugurated by Mr. Harekrishna Nath, hon'ble S. P., Lakhimpur District. It was arranged in collaboration NSS Unit of the College. An awareness programme was also arranged on that day. The Resource Person invited to the programme was Mr. Harekrishna Nath, hon'ble S. P., Lakhimpur District. The meeting was presided over by Dr. Suresh Dutta, Principal, Panigaon OPD College cum Chairperson, IQAC of the college. Each student was asked to take a snapshot of the plant along with their photograph. Photo albums in accordance with the classes are maintained by the members of the Sapling Security Committee. Nameplates are also hanged at the fencing of each plant. 4. Evidence of Success: It is seen

that the programme was immensely successful at the very beginning. Each roadside as mentioned above are beautifully decorated with the saplings. People also are found very co-operative to us. The saplings are also growing satisfactorily in many roadsides. Some photographs taken after six months are attached herewith. 5. Problems encountered and Resources Required: The main problem encountered in implementation of the programme is nurturing the saplings. The fencings wrapped around the saplings are made of bamboo that are supplied by the students themselves. They do not last long. Cattle break them and eat the saplings. Students cannot afford us with iron fencing. Another problem is nurturing the saplings. Students do not have sufficient time to look after their own saplings, supply manure, water etc. in the saplings.
