

**A Study on
Impact of COVID-19 Pandemic on Socio-Economic Scenario adjoining
areas of Nowgong College (Autonomous)**

Conducted by

National Service Scheme (NSS) Unit

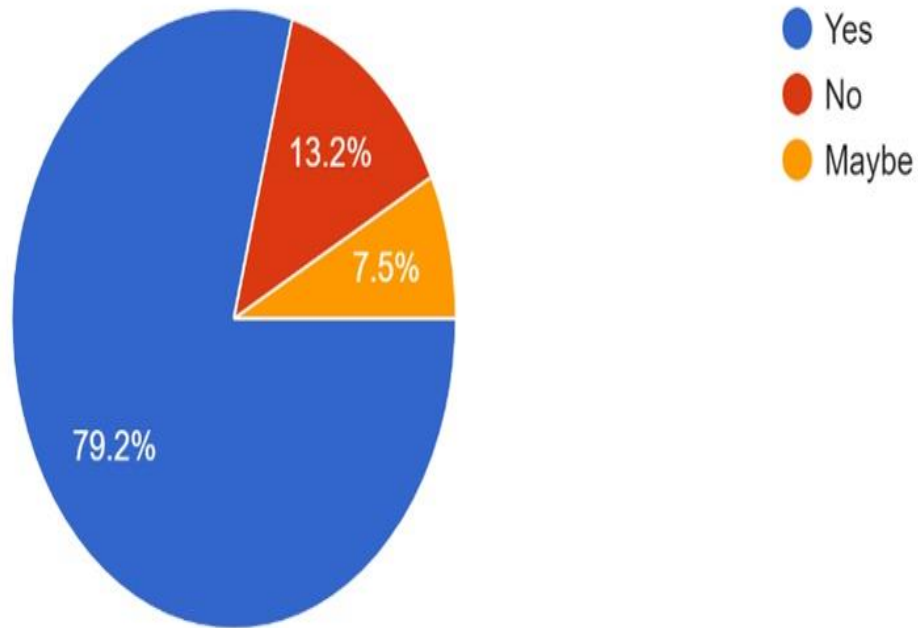

In association with

Internal Quality Assurance Cell (IQAC)

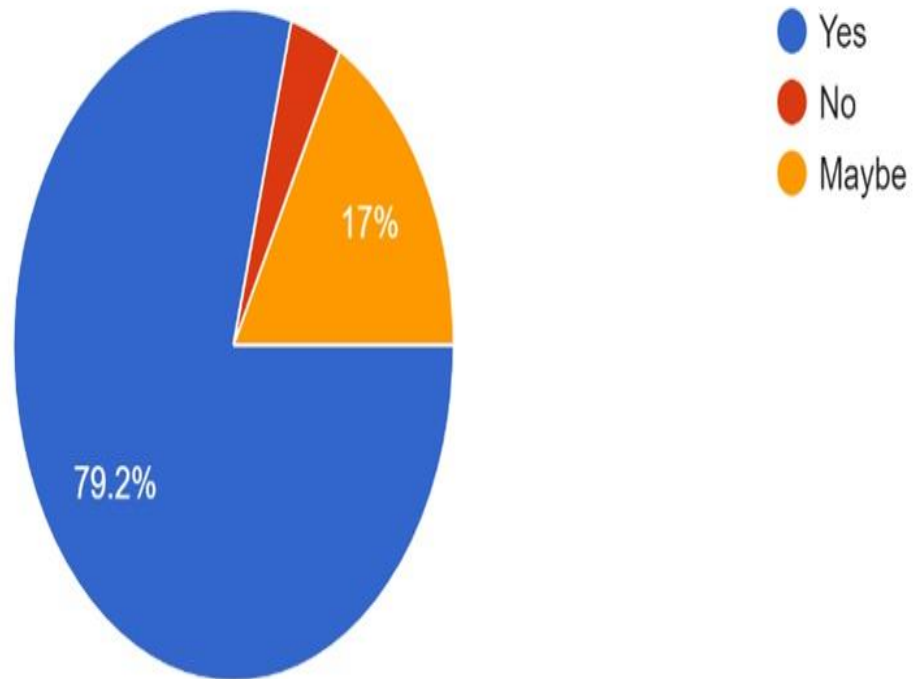

Nowgong College (Autonomous), Nagaon, Assam

The 50 dedicated FIs had collected the data from **500 households (2500 population)** using a structured questionnaire from the seven villages (Ghahi, Dipholu, Majgaon, Uparbar Lalung Gaon of Kathiatoli, Raha, Amarawati and Teliagaon) in Nagaon district (300 households), two villages (Morakolong & Lathabori) of Morigaon district (150 households) and two villages (Bhoksong & Balipather) of Karbi Anglong district (50).

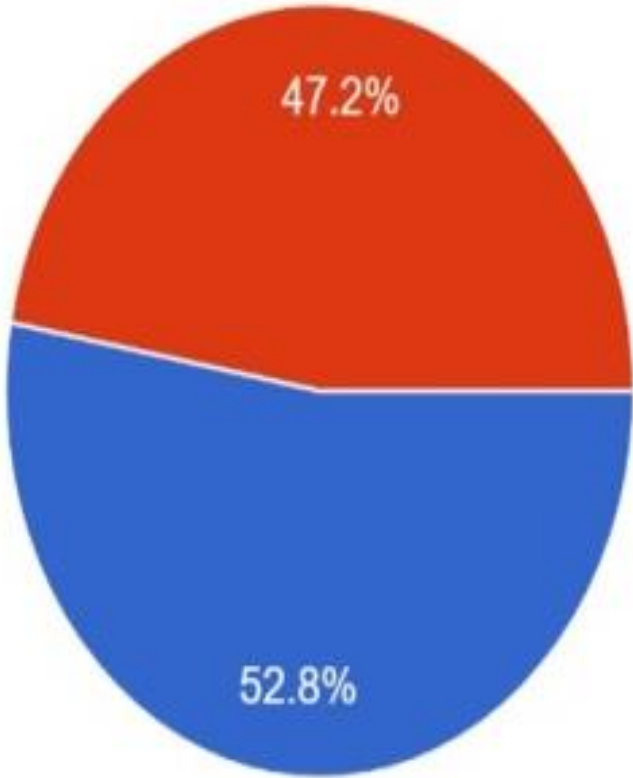

Are you aware of the symptoms of Covid-19 2nd wave?

Are the People aware of the Covid Testing Center?

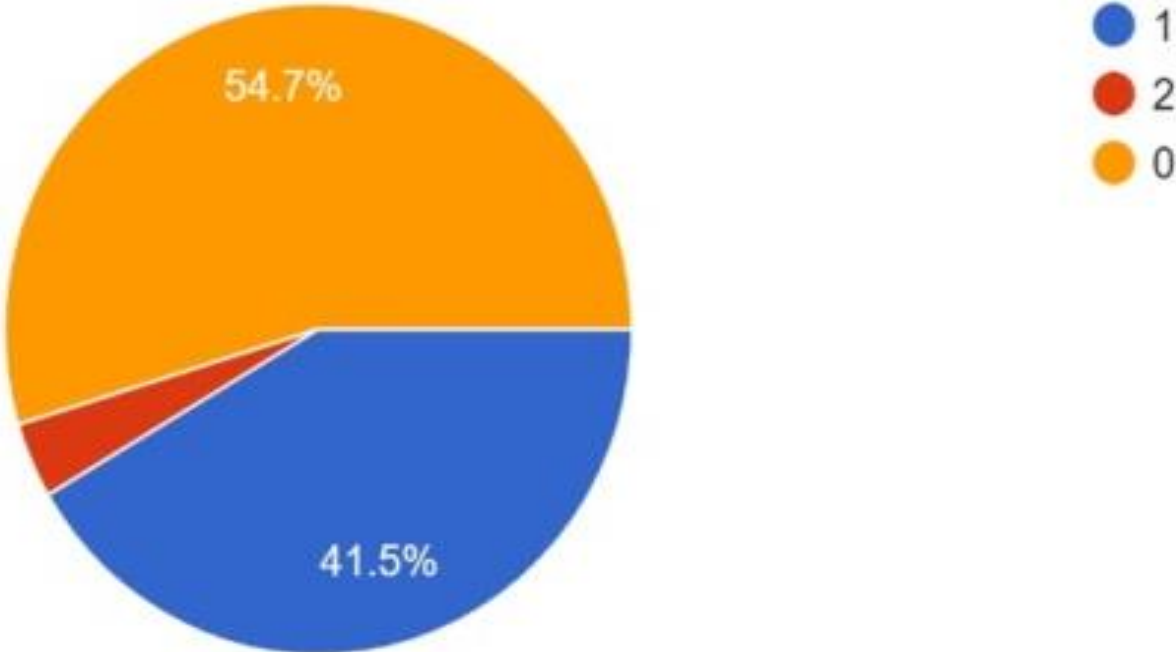

Vaccinated or Not?

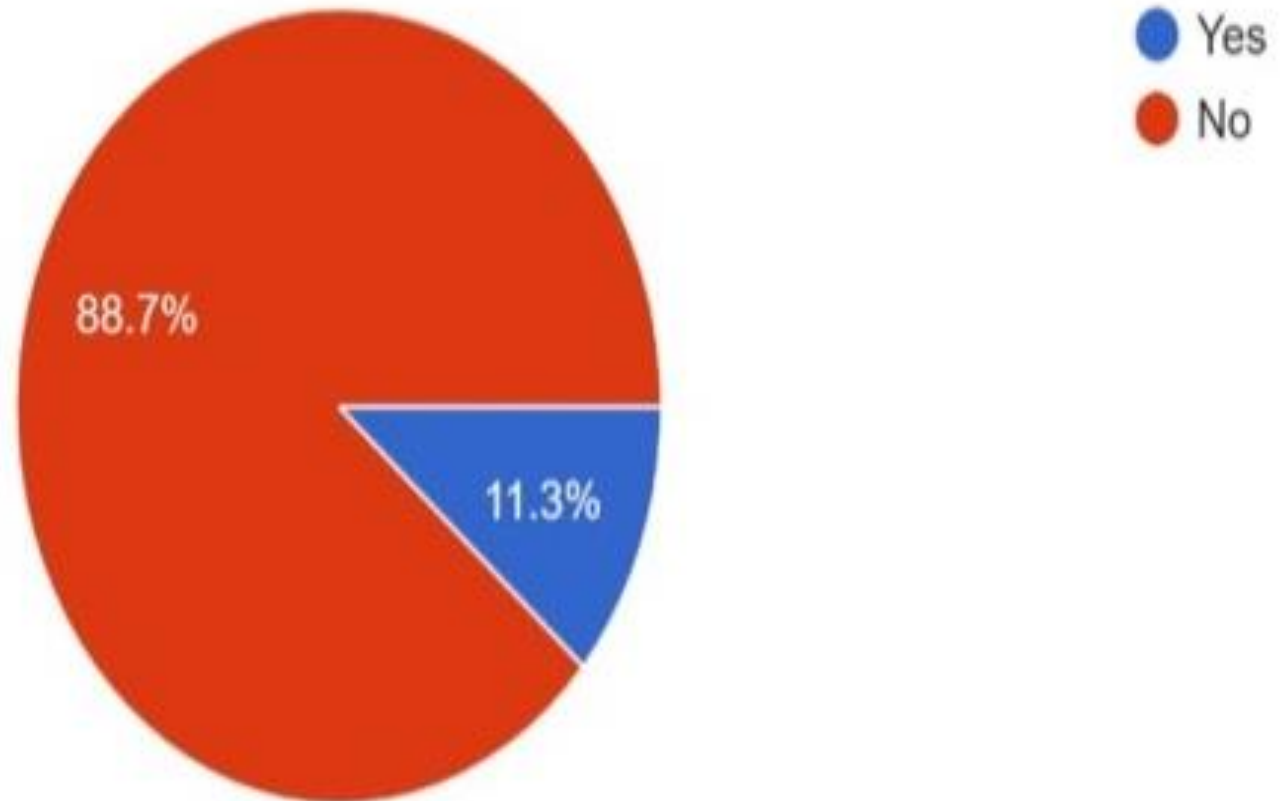

- Yes
- No

How many dose of vaccination completed?

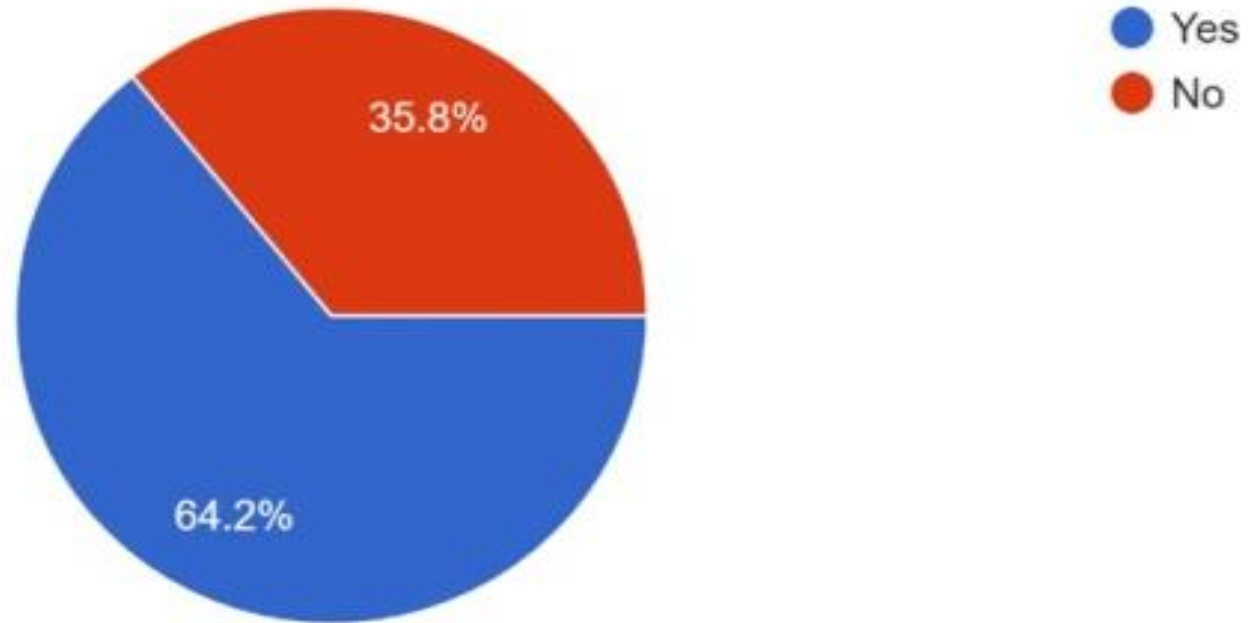

Dealing with Illness in the present times? -

Dealing with illness in present time was unsatisfactory, only 11.3% respondents get themselves updated about the condition and its related issues whereas rest either do not get updates or are not aware of the same.

Psychological Stress?

Interaction with the villagers revealed that 64.2% respondents afflicted by psychological stress emanating from material burdens related to job and income loss and this is further magnified when there is prior loan or health burden like diabetics, kidney problem, etc. rather than stress associated COVID-19.
